Yoga Year 2

About this Unit

Imagine a fun and relaxing activity that's like a magical adventure for your body and mind – that's yoga! Yoga is a special kind of exercise that makes your body strong, flexible, and happy. In yoga, you get to do different poses, kind of like pretending to be things from nature. Yoga also teaches you how to take deep, calm breaths. Breathing is like magic because it helps you feel relaxed and focused. And guess what? Yoga isn't just about moving your body and breathing. It's also about using your imagination and being mindful. Being mindful means paying close attention to how your body and mind feel in the present moment. It's like taking a little break from the busy world around you to be kind to yourself.

Nature Walk

What you need: an outside space

What to do:

- Head outside and find four things in nature that you can use to inspire your poses. For example, a tree or a bird.
- Using your four things, can you create a pose that represents each one?
- Can you link your four poses together to create a sequence of movements?
